

**WHEEL OF EXPERTS IS A MULTIPLE PATHWAY PROGRAM** that brings STEAM based learning to the classroom. Each week, students Kindergarten-5th grade have the opportunity to participate in hands on enrichment topics such as Coding/Robotics, Science Labs, Music, and Gardening/Aquaponics - creating a direct pathway to electives offered in 6th to 8th grade at Joan MacQueen Middle School.

**Partner with the Alpine Education Foundation to bring STEAM programs to our classrooms!**
